

2010 FALL SEED NEWSLETTER

SEED PLANT HOURS MONDAY—FRIDAY 8AM TO 6PM SATURDAY 8AM TO NOON

Union Elevator & Warehouse Co. is looking forward to providing our customers with the variety, quantity, quality, and treatment of seed you need this fall. To assure that treated seed is available when you need it, please order ahead.

WIDE RANGE OF SEED VARIETIES AVAILABLE

The certified varieties we will have available are all grown locally and have met or exceeded the Washington State Crop Improvement Assoc. requirements. The varieties on hand are: Common Moro and Finley; Certified Eltan, Stephens, Tubbs, Brundage 96, WB 528, Bruehl, Boundary, Xerpha, Farnum, Masami and Bauermeister; Registered Eltan, Bruehl, Boundary and Moro. If you have interest in other varieties not mentioned, please contact us. We can arrange to get them for you. All of the fall varieties we offer will be treated with CruiserMaxx Cereals Blend (with .33 oz/cwt Cruiser) unless other arrangements are made ahead of time. We will offer custom treatment of Eltan through our on-demand system, but you need to let us know in advance what custom treatments you require so we can arrange to have them on hand.

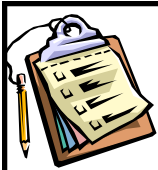

SEED TENDERS

Union Elevator has three seed tenders that hold up to 150 bushels of seed. The tenders are a good option to use for smaller quantities or in place of sending in your own truck a long distance for small amount of seed. Each tender has its own auger system. Cost to use the tender is 50 cents per bushel (\$50 minimum) if you pick it up yourself with your 3/4 ton pickup or Union Elevator will deliver and pick up the tender for 75 cents per bushel (\$75.00 minimum).

BRUCE SEED TANKS

The first phase of an expansion of Union Elevator's seed operation will be the addition of two bins for treated seed at our Bruce facility. The bins will be completed by mid-September, in time for this seeding season. Seed will be treated at our Lind seed plant. Plans are to offer a hard red and soft white variety of certified seed. The addition of this seed storage will make it more convenient for our Othello area customers. More seed tanks will be added as needed.

ORDER FALL SEED TODAY

All other varieties; please call for availability and pricing.

All Seed Prices may be adjusted if market prices change substantially through the seeding season.

SAVE 25¢ A BUSHEL WITH GRAIN SALE PAYMENT

We will provide a seed account payment option that allows customers having wheat in storage at Union Elevator to sell an amount of warehouse stored grain equal to the number of bushels purchased for seed.

The settled amount would be applied directly to your seed account, allowing the customer to make a payment with a grain sale. In return, we provide a 25 cent premium for those bushels. It is a bushel for bushel transaction, providing a premium on only the number of bushels sold equal to the number of seed bushels purchased. This transaction is **not automatic** and is available on all seed varieties listed above except Masami, Finley and Westbred 528. This policy does not include any varieties that are special ordered. It must be initiated by the customer and will need to be completed by November 30, 2010, no exceptions. If you have any questions please call the office.

*If you have any questions, comments, or suggestions please call Roland.
